Open Wave Trading Company

Our Trading Division

Open Wave Trading Company is dedicated to fulfilling the material and equipment needs of various industrial sectors. We collaborate with renowned international brands like ATAXOR, EAO, GERSON, MECCO, and more to provide a wide range of premium industrial supplies. Our offerings include

- Electrical Materials – Conduits, cables, transformers, electrical panels, lighting equipment, generators, UPS systems, and more.
- Control & Communication Systems – Advanced networking, IT solutions, and industrial control systems.
- Mechanical & Industrial Supplies – Pipes, valves, pumps, compressors, welding machines, and electro-mechanical components.
- Construction & Safety Equipment – High-quality building materials and industrial safety gear
- Spare Parts & Consumables – Essential parts for various industrial applications to ensure smooth operations.

policy

OWTC functions under an extensive umbrella of core values, based on Integrity, Honesty and Fairness in all its dealings. The purpose of the policy is to drive strategic planning and help set expectations and performance objectives and to promote ethical and responsible decision-making.

- At OWTC no aspect is more important than Environment, Health, Security and Safety. Our client needs
- Are met in harmony with considering all the safety & Environmental protection requirements.
- To achieve sustained, profitable growth by providing services which consistently satisfy the needs and Expectations of our Clients.
- To deliver our obligations to our owners, customers, partners and employees.
- To take on Social and National Responsibility, contributing to the progress and welfare of the community and our country.
- To have integrity in all our dealings.
- To ensure full compliance with relevant statutory, technical and safety requirements.
- To endeavor, at all times, to maximize customer satisfaction with the services provided by us.
- To achieve and maintain a level of service and performance that enhances our company's reputation With customers.
- Ensure Accountability & Create Transparency.
- Streamline new staff orientation.
- Understand the expectations & challenges.
- Excelling in our operations.
- Committed to achieving success for our customers.

Vision

To be a leading provider of high-quality industrial trading solutions in Saudi Arabia, delivering excellence through innovation, reliability, and strong global partnerships.

Mission

To supply premium industrial materials and equipment with a commitment to quality, efficiency, and customer satisfaction. We strive to build long-term relationships by offering innovative solutions, competitive pricing, and exceptional service, ensuring the success of our clients across various industries.

VALVES

BALL VALVES

BUTTERFLY VALVES

AUTOMATION

Innovative engineered design, development and manufacturing of quality quarter turn valves and automation products that optimize uptime and ensure lower overall cost of ownership

BUTTER FLY VALVES

Center-LOK® Seat Design in Resilient Seated Butterfly Valves

- Heavy-duty, square grooved design that ensures rigid locking of seat in body
- Fully rated for dead-end and vacuum service

Series 50/52

Resilient Seated 2" to 24" (DN 50 – DN 600) 2" to 12" – 175 PSIG (PN12), 230 PSIG (PN 16), 150 PSIG (PN 10), 50 PSIG (PN 3.5)
14" to 24" – 150 PSIG (PN 10), 230 PSIG (PN 16), 50 PSIG (PN 3.5)

Series 51/53

Large Diameter Resilient Seated 26" to 40" (DN 650 – DN 1000) 150 PSIG (PN 10), 50 PSIG (PN 3.5)

Series 55

Double Offset Resilient Seated 3" to 88" (DN 80 – DN 2200) 150 PSIG (PN 10), 230 PSIG (PN 16)

Series 5C/5D

Split Body Resilient Seated 2" to 24" (DN 50 – DN 600) 150 PSIG (PN 10)

Series 42/43

Lined, PTFE / PFA 2" to 24" (DN 50 – DN 600) 150 PSIG (PN 10)

Series 44-49

High Performance Double Offset 2" to 48" (DN 50 – DN 1200) 2" to 48" - Class 150; 2" to 24" - Class 300

Series 4

Triple Offset 3" to 48" (DN 80 – DN 1200) 3" to 48" - Class 150; 3" to 24" – Class 300 / 600

BALL VALVES

ULTRA Seat Material in Ball Valves and High Performance Butterfly Valves

- Engineered polymer that is rated for max 500°F (260°C) at 285 PSIG for HPBV and 390°F (200°C) at 150 PSIG for Ball Valve
- Excellent for handling aggressive fluids at high temperatures

Series F

Oil & Gas Floating Ball Valve
2" to 8" (DN 50 – DN 200)
Class 150 to Class 1500 in full
and reduced ports

Series 7/8

Trunnion Mounted Ball Valve Series 7
2" to 14" (DN 50 – DN 350) in Two-
Piece Body Series 8 16" to 24" (DN 400
– DN 600) in Three-Piece Body Class
150 to Class 1500 in full and reduced
ports

Series 2000

Seal Welded Valve 1/2" to
2" (DN 15 – DN 50) 2000
PSIG (WOG)

Series 65-72

Floating Ball Valve 1/2" to 12"
(DN 15 – DN 300) Class 150
to Class 900 in full and
reduced ports

AUTOMATION

Universal Insert Design in Pneumatic Actuators

- Allows direct mounting of DelTorq actuators to most quarter-turn valves
- Eliminates the use of brackets and couplings – saves time and money

Series 92/93
Insert

Series 2E
Electric Actuator

Series 83
Limit Switch Box

Series 21
Pneumatic Rack & Pinion

Series 85
Solenoid Valve

Series 87
Positioner

Series 25
Pneumatic Scotch Yoke

Open Wave Trading Company: Your Partner in Smart Water & Automation Solutions

Open Wave Trading Company is proud to be an associate partner with Orionis, the industry leader in smart water and irrigation networks. Leveraging this strategic partnership, we have expanded our expertise to deliver state-of-the-art automation and control solutions that drive efficiency and innovation in water management and industrial applications.

Below are some of Applications that SSC have deep Expertise:

- Smart Water Networks Management.
- Smart Irrigation.
- Lifting Stations.
- Water Wells Control.
- Sewage Treatment Plants.
